3. PRODUCT DESCRIPTION

Color Wash is a concentrated antiquing mix designed easily antique stamped concrete or overlays. *Color Wash* is designed to mix with water to make a user-friendly antiquing solution. *Color Wash* can be used to create a beautiful multi-color stamped project at a cost far less than traditional antiquing methods. Perhaps the most attractive feature of *Color Wash* is the ability to remove or adjust the antique amount quickly and easily. *Color Wash* is also widely used in traditional stamped concrete as a tool to even out project that were poured in multiple sections, or just to add a 3rd or 4th color.

4. DIRECTIONS

Mix 1 8oz Cup of *Color Wash* with 4 Gallons of clean water in an empty pail, mix thoroughly.

Apply liberally onto a clean, damp surface. Allow to dry completely, remove any excess to create the desired accent per instructions on the antiquating section of the application instructions in the Renew-Crete® Catalog. Seal with 2-3 coats of Renew-Crete High Gloss Sealer. Thin the first coat 25%. Allow the surface to dry a minimum of 24 hr. for light traffic and 48 hr. for car traffic
